## PROFESSIONAL SUMMARY

---

MERN stack developer with experience in full-stack web development using React, Node.js, Express.js, MongoDB, and MySQL. Skilled in authentication (OAuth2, JWT), API testing (Postman, Jest), and cloud/devops practices. Passionate about exploring new tech and continuous learning.

## TECHNICAL SKILLS

---

Frontend: HTML, CSS, Tailwind CSS, Bootstrap, JavaScript, React, Next.js, Framer motion

Backend: Node.js, Express.js

Databases: MongoDB, MySQL

Authentication: OAuth2, Passport.js, JWT, Session Handling

Tools: Jenkins, DevOps, VS Code, Postman

Languages: python, java, c

Other: Operating System Concepts, API Development

## PROJECTS

---

### 1. Authentication-Based Web App

Built a secure login/register app using React and Node.js. Integrated Google & Local auth via Passport.js, with session handling and user profile management.

### 2. EduPlay - Learning Platform

Developed a kid-friendly educational app with video lessons and interactive games. Created login/registration system and responsive UI.

### 3. Contact Management App

Built a CRUD contact manager with React Hooks and JSON Server. Users can add/edit/delete contacts with a clean UI.

## EDUCATION

---

Bachelor of Technology in Computer Science

Vignana Institute of Technology and Science, Currently in 3rd Year, 2nd Semester

Diploma in Mechanical Engineering

Government Polytechnic College, Masab Tank, Hyderabad – CGPA: 9.7

Secondary School Certificate (10th Class) – GPA: 10.0

## INTERESTS

---

- Exploring new technologies in the MERN stack
- Reading technical and personal development books
- Open-source contribution and LeetCode problem-solving

## ADDITIONAL INFORMATION

---

Languages: English, Telugu, Hindi
